About Montsalvat

Montsalvat from the Garden

Montsalvat is an inspirational and exciting place for artists to learn and work.

Montsalvat is the legacy of the visionary Justus Jörgensen and his inspired students and friends. Since 1934 Montsalvat has been evolving and built mostly by the hands and donations of artists and sculptors. The grounds contain fourteen acres of building and gardens constructed of natural and recycled materials.

During the workshops artists and students are able to work around the splendid grounds and out of Jenni's private studio by the Roman pool.

Tuition: The day will begin with a demonstration by Jenni, followed by one on one tuition.

The demonstration will be based upon leaning to 'see' the subject objectively and using our materials to sketch quickly onto paper or canvas with the aim to interpret the essence of our subject in a fresh painterly manner rather than being too tight.

Lunch will be around 12.30 – 1.30pm. The workshop concludes at 3.30.
